REMARKABLE CHASE OF CRIMINALS.—The Rocky Mountain *News*, of January 2d, says: "T. P. Van Trees and Mr. Cozzens, both old residents of Colorado, returned yesterday from the South, where they have just concluded one of the most remarkable pursuits of criminals recorded for years. On the 7th of November, 1865, two men, Dr. Hamilton and Eugene Hamilton, with numerous *aliases*, robbed Rockwell & Co.'s bank at Elkhorn, Wisconsin, of about $180,000 in money and bonds. Last summer they turned up in Colorado, and were in and about Denver for some two months. By some accident Van got track of them, and they, becoming suspicious, left. Then began a chase which lasted for five months, and was at last crowned with success. Their capture was effected at El Paso, in old Mexico. At Franklin, Texas, the prisoners were rescued by a mob, but recaptured. On the way up, at Los Pinos, New Mexico, a woman who was with them and claimed to be the wife of one of the prisoners, attempted to poison Mr. Van Trees, but failed. In that she failed, but seems to be still on his track, since she arrived by this morning's coach from the south. The Hamiltons are safely lodged in jail here for the present, and will leave for the East in a few days under the vigilant escort which has accompanied them hitherto."

THE ADVANTAGES OF ADVERTISING.—The advantages of a judicious system of advertising cannot be illustrated better than in the following sketch:

Many years ago an old gentleman was engaged in the grocery business in one of the towns of the West. Having no rival in trade he did a prosperous business. In course of time, however, a young man came in to the same town and sat up a grocery store. At first the old gentleman looked with disdain upon his unpretending competitor in the race for fortune; but the latter pursued the even tenor of his way—his business all the time increasing, until, finally, the old man's disdain gave way to respect, and our young friend became a visitor at the old gentlemen's house. In due time he became a suitor for the hand of the old man's daughter, and succeeded in his suit so far as the fair one was concerned, but the cruel parent was inexorable. Finally, however, the old man consented to the marriage, on condition that his future son-in-law would divulge the secret of his extraordinary success in the grocery business. This was agreed to and the nuptials were duly celebrated. Immediately after the usual congratulations had been extended to the happy couple, the father-in-law demanded the secret, when his business rival replied with the simple words.—"I ADVERTISE!"

ANOTHER SNAKE STORY.—The Vicksburg *Times* of December 10th is responsible for the following:

"Some flat-boatmen at Milliken's Bend, not long since, saw a long blacksnake lazily watching the gradually lengthening ridge of earth peculiar to the subsoil navigation of the mole. The little burrower emerged at the root of a tree, and the snake with one lunge captured and swallowed him. The observers of this sad affair thought it was all over with poor mole, but nothing daunted, perhaps unaware of his perilous position, he kept on scratching until he came out at the small end of the snake, who, feeling suddenly that he had been cheated out of a square meal, turned and swallowed him again, with the same result as before. The Captain of the flat-boat, in every respect a reliable gentleman, informs us that this singular contest was continued for eight hours, with no variation except that the mole, as he became better acquainted with the route, made faster time on his trips. Finally, the snake, completely disgusted with the mole, allowed it to go in peace, and dragging himself to a hickory tree butted his brains out against its roots. On being opened, his 'innards" from end to end, were found to be as slick and smooth as the inside of a lady's thimble.

A THOUGHT FOR THE DISCONTENTED.—In the days of the Old Brewery, at the Five Points, New York, a woman and her only daughter, a child five years of age, occupied a loathsome corner on the first floor. It was the custom of the mother, after having covered the child with all the rags which had been collected during the day, to place a few broken boards, dignified by the title of a door, in such a position as probably kept the horrible place half a degree warmer than it would have been without such a shelter. On one occasion, after the mother had adjusted the board for the night, the child probably experiencing some sensations of comfort, said: "Mother, what does *poor* people do that's got no door to cover them?"

Copy of the Report of the Committee of Awards a the Fair of the
AMERICAN INSTITUTE
NEW YORK, 1865.

To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine,
HIGHEST Premium! Gold MEDAL!

REASONS:

1st.—Its simplicity and great range of work.
2d.—The Reversible Feed Motion.
3d.—The perfect finish and substantial manner in which the Machine is made.
4th.—The rapidity of its working and the quality of the work done.
5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanic's Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficient, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

MEDICAL.

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE!

These Life-giving remedies are now given to the world. For over a quarter of a century of private practice the ingredients in these

LIFE-GIVING PILLS!

Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A VERY FOUNTAIN OF YOUTH,

For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and startling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to vigor and make youth ever

AN ETERNAL SPRING!

It was left for this day and hour to realize the dream, and show in one glorious fact, the magic that made it fair.

THESE FAMOUS REMEDIES!

Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILLIOUS DISORDERS

Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest

VEGETABLE COMPOUNDS.

They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.

FOR CUTANEOUS DISORDERS.

And all eruptions of the skin, the SALVE is most invaluable. It does not heal internally alone, but penetrates with the most searching effects to the very root of the evil.

SEMI-WEEKELY ENQUIRER.

SATURDAY, JANUARY, 26, 1866.

RAILROAD MATTERS.—It is currently reported up this way that the Pacific Railroad Company will not attempt to run their trains higher than Alta this winter, and the report appears to be believed by those who have an opportunity of knowing something of the Company's intentions. We think this conclusion on the part of those having charge of the road, eminently sound. We are now in the midst of one of the most severe winters we have experienced for years, and it would be folly for the Company to squander further sums in attempting to repair the damaged portion of the road before the weather at least, is more favorable, if indeed the work of repairing should be put off until such a time as the rains will have almost completely ceased we are of opinion that both the permanent interest of the road and the safety of travelers would be enhanced. The work of repair at this moment, we take it, would almost amount to a reconstruction. In one or two places the fills, we hear, are so completely washed out that nothing but the rails are to be seen suspended in the air, resembling telegraph wires, being from ten to twenty feet high. Again, the nature of the ground over which the road runs,—being on the sides of the mountains—is such that it is almost an impossiblity to so pack it as to prevent it from sliding during the wet season, save at a cost that would greatly exceed the subsidies granted the Companies for the building. Taking a common sense, reasonable view of the matter, the difficulty in obtaining laborers during the severe stormy weather that is likely to prevail for the next two or three months, the labor to be performed in order to place that portion of the road which is damaged in complete and *safe* running order, we think the Company's decision to lay over until the work can be done well, not only reasonable, but a duty to all. That the trains will be able to run to Alta during the entire winter we think there is not a particle of doubt, and passengers, when they get aboard the cars will *know* just what they have to expect and will doubtless make their arrangements accordingly.

LEFT.—Senator James W. Nye, of Nevada, was on his way from Virginia city to Alta on yesterday morning, and being anxious to make the connection with the cars and fearful lest the Pioneer Company's conveyances would be behind time, was offered and accepted a seat in a cutter with W. N. Leet, who happened to be at Crystal Lake and on his way to this place. The two were heard of at Lewis' ranch, but below that place all traces of them have been lost. The morning train waited for them till 10 o'clock and then, being behind time, were compelled to leave.

BALL ON THE 22D.—Our ball going friends will bear in mind that the members of Reliance Hose Company will give their second annual Ball on the 22d February. The roll of members is an honor to our town, and no effort on the part of the citizens generally should be spared to give the Reliance boys a substantial token of the appreciation of our people by attending *en masse* the ball which is to come off. This being the season for pleasure and hilarity, and the town being filled with young and beautiful women—all the old ones left—there will be no lack of gay and agreeable partners for the masculines who elect to be present.

WHERE IS BISHOP?—Now that the Senate has refused to endorse John Bigler as Revenue Assessor, and his appointment having been made the basis of the apostacy of the Chico *Curant* man to the "my policy" party, will he not now go back to his wallow and support Johnson, oppose the "Rump," and again become a nincompoop. Bigler being the only stumbling block in Bishop's way, the Senate has relieved him of that and he entertaining no other objection should go back to his first love.

REPAIRED.—The severe damage done to the railroad a short distance below Gold Run, preventing the trains coming to this place, has been repaired and both the passenger and freight trains now make their regular trips to the depot at this place. Those who ordered goods or freight of any description from below for the past week will know the cause of their detention up to this time.

FATAL ACCIDENT.—On Wednesday morning last a fatal accident occurred in the Pease, Bradley & Co. claims at Yankee Jims, by which John Q. Pease was killed by the caving of the bank while he was working in the open cut of the claim. On the news of the accident becoming known, persons immediately repaired to the place, and after great labor the body was found, but too late, life being entirely extinct.

NEWSPAPER.—Forbes, of the Humboldt *Register*, and the only Union editor in the State of Nevada who opposed the re-election of Senator Nye, is reported to have purchased the Virginia *Union*, the first paper, we believe, that raised Mr. Nye's name at the head of its columns.

THE telegraph informs us that the Persident has signed the bill convening the fortieth Congress on the fourth of March, 1867. For once, the present occupant of the chair he has disgraced, has shown common, practical sense enough to make a virtue of necessity and sign a bill which was soon to become a law by a two-third vote, without his signature. This must be most exquisitely humiliating to his rebel friends North and South, for according to their theory the 40th Congress will be a "Rump," a "pretended Congress" hanging on the verse of the Government as it were, for, like the present Congress, it will only consist of representatives from the loyal States. For Johnson to sign a bill calling Ben Butler to the National councils nine months before the time fixed in the Constitution for his active term to begin; a bill deprecated and opposed by every Democrat North and South; a bill which the *Examiner* and Copperhead press generally consider almost revolutionary in its tendency—for Johnson to sign such a bill is something we confess ourself somewhat astonished at. Yet, when we come to think of this man's antecedents, we ought not to be surprised at any act he may do, and our Democratic friends had better not get too enthusiastic in their admiration of him. It is true, he is just at present acting the traitor to the country and the party that elected him to the Vice Presidency, but then he had proved a traitor to the party which first gave him a taste of office. True, he is, at present dealing very kindly with the principal criminals of the rebellion, but then he has shown what kind of mercy he is capable of extending to our Southern brethren when his interests require it, he hung a woman for allowing herself to be made one of the instruments of the party to which he formerly belonged, as he did a poor friendless Dutchman for endeavoring to starve those he is now opposed to, and whose only sin was, after all, that he obeyed the orders of the very criminals whom he has since pardoned or is now pampering. The fact, is, Johnson never advocated a cause he did not desert, and never belonged to a party which he did not betray. His faithlessness has become so notorious that nobody inquires now what pledges he has broken, but what pledges he has kept. At the last session of Congress he sent in a special message recommending that Nebraska or Colorado be admitted as a State, Congress passed the bill as earnestly recommended and Johnson *vetoed it!* This illustrates the dishonesty or brazen faced inconsistenty of the man.—Democrats, you had better look out for this Moses. But we rather think your love for him is not very ardent; if he proves treacherous to you in your present emergency you will, by strictly adhering to the tenets of your party be fully competent to repay his desertion.

TITLES TO MINERAL LANDS.—Our readers will remember an article published on the first page of the ENQUIRER January, 23 calling for action on the part of the Land Commissioner at Washington, in order that all who desired to do so might acquire titles to mineral lands. In the Stockton *Independent* of Thursday we find the following letter addressed to the Land Register of that place by the Commissioner:

DEPARTMENT OF THE INTERIOR.
GENERAL LAND-OFFICE, Dec. 24, 1866.

Register and Receiver, Stockton, California. Gentlemen:—The Register's telegram of the 18th inst., is received, asking instructions in relation to mineral lands under Act of Congress, approved 26 July 1866. In reply I have to state that the desired instructions are in process of preparation, and when completed will be sent to the District Land-officers for their guidance. Very respectfully,

JOS. WILSON, Commissioner.

SHIRTS.—We call attention the advertisement of the shirt store of Ash & Hurley, 67 J street, Sacramento, where a full assortment of shirts and other under-clothing of all description can be found. The gentleman to whom we loaned our last two shirts can now replace them from the above establishment. We wear 15½ in the neck.

MURDER.—There was a horrible murder committed on the person of a courtezan Julia Boulette, on D street Virginia City on the night of Saturday last, 19th instant. The deed was apparently perpetrated with a billet of wood or a pistol used as a club. Some few articles of trifling value were found missing, but it is conjectured that the murder was committed to gratify some revenge rather than for the purpose of gain, and the articles missing were supposed to have been taken more to throw suspicion from the guilty party than anything else. The woman murdered, altho gh leading a disreputable life, is said to have been a very charitable and liberal person; attending to and nursing the sick and destitute whenever occasion offered. She was, we are told, a member of one of the fire companies of Virginia, who were making preparations to to bury her when our informant left.

REJECTED.—The President sent into the Senate the appointment of John Bigler ex-Governor of California and ex-Minister to Chili, as Assessor for the Fourth Internal Revenue District of this State, which the Senate promptly and decidedly rejected. Wonder how those deputies who reported to "honest John" feel now? The tenure of their official existence hangs upon a thread indeed.

HIDDEN.—Wilkie Collins says nothing in the world is hidden forever. A greater than he said, long ago, "Nothing is hidden that shall not be revealed."

Thereby hangs a tale.

SEMI-WEEKLY ENQUIRER.

To Printers.—A good compositor, of steady habits, can obtain permanent employment by applying at this office, immediately.

Murderers Arrested.—Judge Aubury, who left Auburn on Thursday last informs us that Mr. Osborn, who understands the Chinese language, heard two Celestials conversing about the murder of Mr. McDaniel, and planning as to the disposition of the property stolen from the safe on the night of the murder; learning that the watch and other valuables stolen were secreted in a carpet-bag in the house of a China merchant in Auburn, Osborn repaired to the place and on examination of the carpet-bag found the watch and some other things which have since been identified as the property of the murdered man. The Chinamen were immediately arrested, and are now lodged in jail. There appears to be no doubt but the fiends are those who committed this awful and brutal murder. One of the Chinamen arrested is said to be a cousin of Hung Wah, the China merchant who offered a reward of one thousand dollars for the apprehension of the murderers. We are no counsellors of mob-law, but when outrages like the murder of Mr. McDaniel or similar ones, are perpetuated by the barbarians who have been allowed to come amongst us, are committed, and that too, for no other purpose than acquiring the hard earnings of peaceful and respected citizens, we think, when the facts are established as to the culprits guilt, such an example should be made of them as will hereafter and forever strike such a terror into the minds of the wretches as to prevent a repetition of all other crimes of a like nature.

Correction.—In our last issue we published an account of an explosion at Little York, stating it was from powder. Such was not the case. The explosion took place from gas confined in the shaft; on Sunday the parties visited the neighborhood of the shaft with candles—having to go through the tunnel in order to get to it—when the gas partially ignited, but not sufficiently so to cause any serious results, and on Monday last, the four persons named in our former issue proceeded to the back part of the tunnel where the explosion took place. We learn that Messrs. Buckman and Patterson, the two most injured, are in a fair way to recover.

The weather for the past week in this place has been of a decided falling tendency. The snow is now as deep as at any time for six years past. As yet our people have not essayed to enjoy themselves to any considerable extent by taking sleigh rides, yet there is plenty of time, and in a few days when the snow becomes a little packed we may have an abundance of pleasure seekers skimming over the "snow, the beautiful snow." Now is the season for merry-making, and our folks are not backward in indulging in all harmless pleasures.

For Influenza, Asthma, coughs, colds and all bronchical affliction, use Hall's *Pulmonary* Balsam, it never fails to give entire satisfaction.

Consumption of Postage Stamps.—Twenty tons, or, by superficial measurement forty-eight and a half square miles, of postage stamps have been used during the year—enough to roof a large township with all its houses, churches, barns, gardens, forests and farms; or, if you choose to make a ribbon of them, enough to reach nearly from the Equator to either Pole, or twice the length of the Mississippi River. So that if everybody would be obliging enough to use the Government stamp on the envelope itself, the mere omission of these little extra bits of paper would lighten the mail bags by more than forty thousand pounds, and save in paper fifteen or twenty thousand dollars. The Postmaster General does not impart this information in so many words, but he assures us that nearly 350 millions of stamps have been sold in the year past, beside nearly forty millions of stamped envelopes, and a simple calculation reduces the story to the more tangible form we have given it.—*Scientific American.*

Varnish for Shoes.—It is a bad plan to grease the upper leather of shoes for the purpose of keeping them; it rots the leather and admits dampness more readily. It is better to make a varnish thus:

Put half a pound of gum shellac, broken up in small pieces, in a quart bottle or jug, cover it with alcohol, cork it tight and put it on a shelf in a warm place; shake it well several times a day, then add a piece of gum camphor as large of a hen's egg; shake it well, and in a few hours shake it again and add an ounce of lamp-black; if the alcohol is good, it will dissolve in three days; then shake and use. If it gets too thick, add alcohol—pour out two or three teaspoonsful in a saucer, and apply it with a small paint brush. If the materials were all good, it will dry in about five minutes, and will be removed only by wearing it off, giving a gloss almost equal to patent leather.

The advantage of this preparation above others is that it does not strike into the leather and make it hard, but remains on the surface and yet excludes the water almost perfectly. This same preparation is admirable for harness and does not soil when touched as lamp-black mixtures do.

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a poor article cannot be sold as low as a good one, they find some support from parties who do not care what they sell. ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

Hope for the Afflicted.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. Young, in 1850. In this age of deceit and charlatanism, it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. Medical Advice.—Dr. Wm. K. Doherty's Medical and Surgical Institute is becoming a sine quo non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

A New and Grand Epoch in Medicine.—Dr. Maggiel is the founder of a new Medical System! The quantitarians, whose vast internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all-healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggiel's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated This last quality makes the medicines very desirable for the wants of delicate females. All Ulcerous and eruptive diseases are literally extinguished by the disenfectant power of Maggiel's Salve. In fact, it is here announced that Maggiel's Bilious, Dyspeptic and Diarrhea Pills cure where all others fail. Which for Burns, Scalds, Childblains, Cuts and all abrasions of the skin Maggiel's Salve is infallible. Sold by J. Maggiel, 11 Pine street, New York, R. H. McDonald & Co., San Francisco, and all Druggists, at 25 cts. per box.

MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently indnce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboping under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uretha on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writign or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to DR. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for DR. BIOT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to DR. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or BOX 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

MEDICAL.

DR. CHAS. H. TOZER'S

PRIVATE MEDICAL INSTITUTE,
N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty years standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on DR TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood, so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebooding, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself, from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor

My FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

Price, FIVE DOLLARS—with full directions on each Box. Sent by Mail or Express.

To Correspondents.

Patients of either sex, residing in any part of the country, however distant, who may desire the opinion and advice of DR. TOZER, can, by submitting a written statement of their case to the Doctor, receive all the attention and medicines necessary to affect a cure without the necessity of a personal interview.

All letters strictly confidential, opened and replied to by the Doctor himself.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer:—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute
Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my address and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœa, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L—— H——.

Seminal Weakness—A Sworn to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year, however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptons as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was afflicted to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.
[L. S.] A. G. RANDALL, Notary Public.

THIS CELEBRATED INSTITUTE has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

In syphilis and its adjuncts: Gonnorrhœa and its accompanying diseases; and all diseases of the Bladder, Kidneys, and prostrate; Seminal Weakness, Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted, NO PAY REQUIRED, at the

Seminal Weakness or Spermatorrhœa

The young man, who experiences that growing weakness in his muscular and menta organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands o sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who, is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.
